HOME CARE · FROM YOUR INSURANCE AGENT

Your home's yearly checks, on the right week

Four tools for the jobs every home needs: pipes before a freeze, gutters and filters, smoke and CO alarms, the water heater. Point your phone camera at a code; no account needed.

TOOL 1

A heads-up before your pipes freeze

Freeze risk for your ZIP from the National Weather Service forecast, an email alert before a hard freeze, and how to thaw a pipe safely.

spetz.ai/apps/frozen-pipes

TOOL 2

Every job your home needs, on the right week

Gutters, furnace filter, outside faucets, water heater: a maintenance checklist dated for your ZIP's weather, in your calendar.

spetz.ai/apps/home-maintenance-checklist

TOOL 3

Smoke and CO alarms that work

Why an alarm chirps, when it's time to replace it, and how many a home needs, by brand.

spetz.ai/apps/smoke-detector-chirping

TOOL 4

How old is your water heater?

Type the serial number from its label: the month and year it was made and how long that kind usually lasts.
